MORTAL KOMBAT® II
JOURNEY TO OUTWORLD™

After failing to take control of the legendary Order of Light Tournament and create chaos on earth, Shang Tsung disappears back to his home planet to face the wrath of his master, Shao Kahn. Tsung's life is spared when he suggests that the surviving earth warriors could be lured into another tournament held in Outworld - here each would face the toughest of Kahn's Outworld fighters. Kahn, however, has other plans and although agreeing to the contest, he uses his powers to restore Shang Tsung's youth and forces him to enter the tournament himself. When all his opponents have hacked each other to pieces, the Dark Lord intends to defeat the survivor. This will leave the way open for him to travel to the Earth Realm and create total chaos. One by one the contenders arrive, all with their own reasons for entering the fiercest contest ever. The final outcome will depend on who wins the tournament...

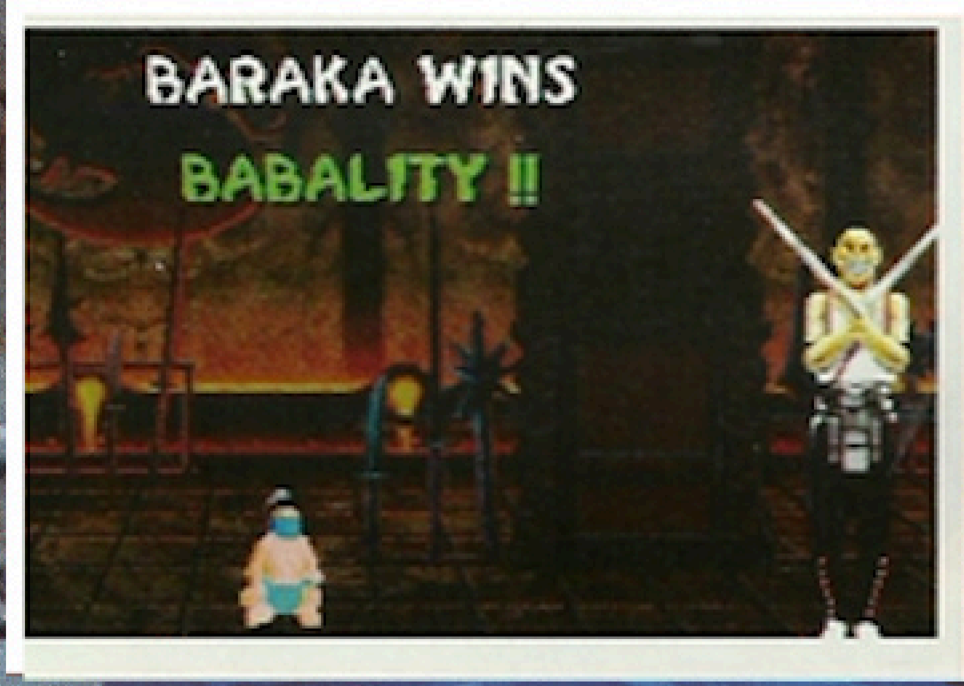

MORTAL KOMBAT II

BEAUTY AND TH

Not content to hang up his mirror shades, movie mogul Johnny Cage is back, partly because he's "an all-round good guy" and partly in pursuit of another blockbuster movie script. This time, however, he's in the best shape of his life with more powerful moves and some really nasty fatality moves. However, he has to face not only some old enemies but also a host of new ones including the nomadic mutant, Baraka.

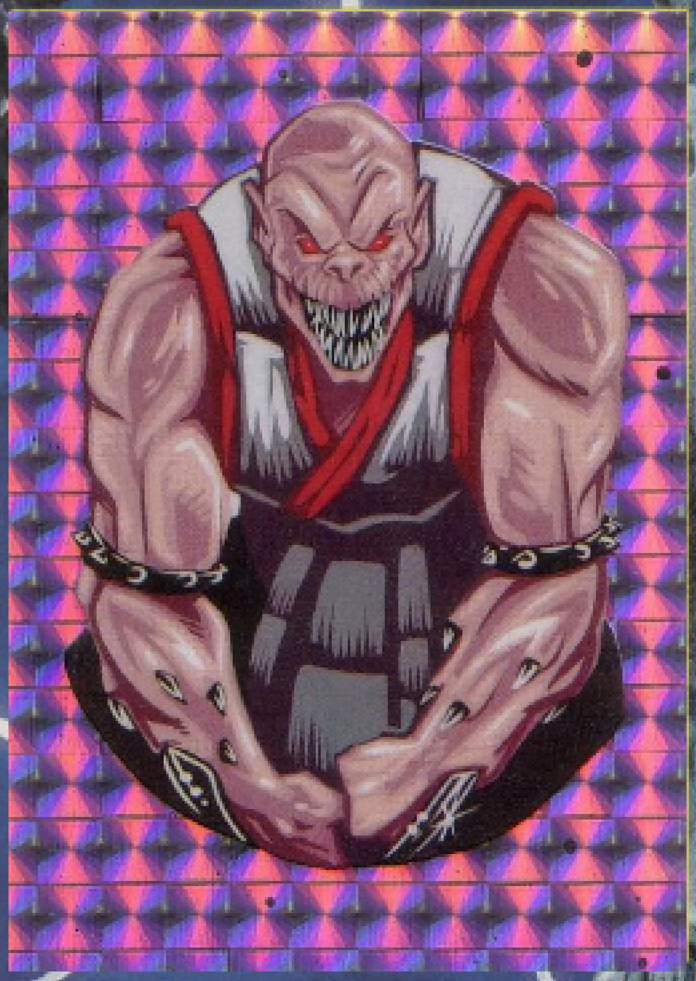

E BEAST

Baraka can release a pair of blades from his forearms which are lethal. He can throw these or just use them to shred his opponent to pieces...not a pleasant sight.

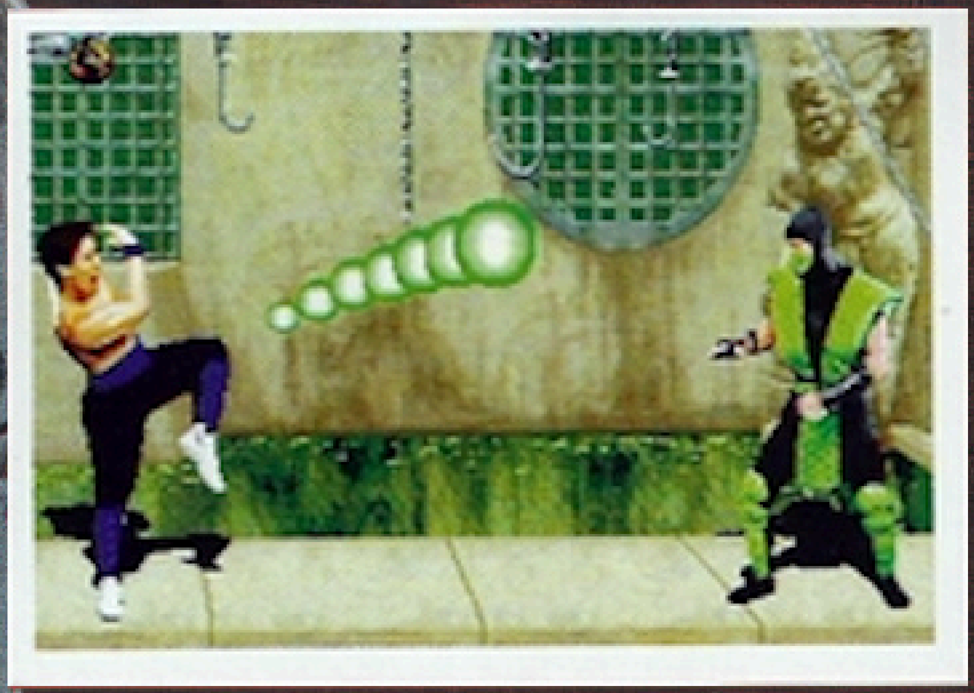

Not known for his placid personality, Baraka was enlisted into Shao Kahn's evil army and led the attack on Liu Kang's Order of Light Temples, so sparks are really going to fly when those two come face to face. As far as the contest goes, Baraka has got more than arms up his sleeves. Watch out!

JOHNNY CAGE'S FINAL MOVE, A POWERFUL UPPERCUT, BRINGS A WHOLE NEW MEANING TO "KNOCKING SOMEONE'S BLOCK OFF"! JUST PRESS TWO FORWARD - DOWN - UP.

EVER WANTED TO SEE BARAKA CUT DOWN TO SIZE? TRY FINISHING HIM OFF WITH THE BABALITY MOVE, THREE BACK AND HIGH KICK.

YES, EVEN BARAKA CAN MAKE FRIENDS. PRESS UP - TWO FORWARD - HIGH KICK (HOLD BLOCK): INSTEAD OF REMOVING THEIR ENTRAILS, HE OFFERS HIS OPPONENT A DOLL!

SCORPION'S™ REVE

You'd be forgiven for thinking that Scorpion and his arch-enemy Sub-Zero are one and the same person, but you couldn't be further from the truth. Yes, they may shop at similar stores, but when both contestants came face to face in the Order of Light tournament, Sub-Zero emerged the victor, bringing his opponent's contest to a premature end. Unluckily for the ninja assassin, Scorpion has returned to seek revenge on his old rival.

NGE

ICE AND LEMON? THE NINJA ASSASSIN FREEZES HIS VICTIM AND THEN SHATTERS THE TOP PART OF THEIR BODY WITH A POWERFUL PUNCH.

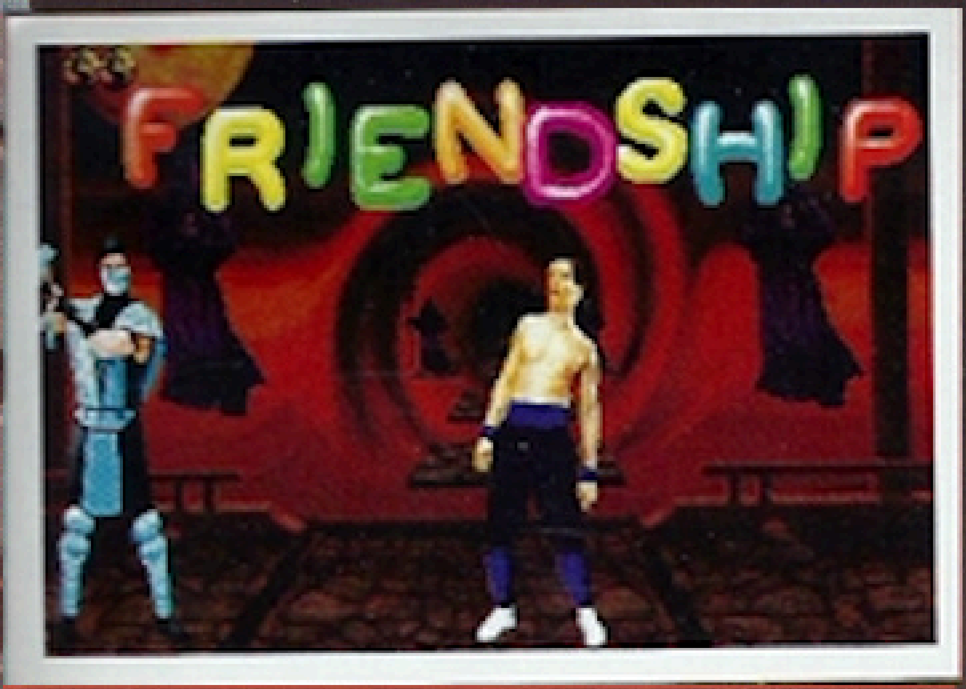

You need to keep looking over your shoulder when Scorpion's around! Being a phantom has its advantages. The spectre can disappear and then reappear on the other side of his challenger... spooky. Sub-Zero, on the other hand, has the ability to turn an attacker into ice or freeze up the ground beneath them. Fine if you're wearing skates, not so good if you're in the middle of a fight.

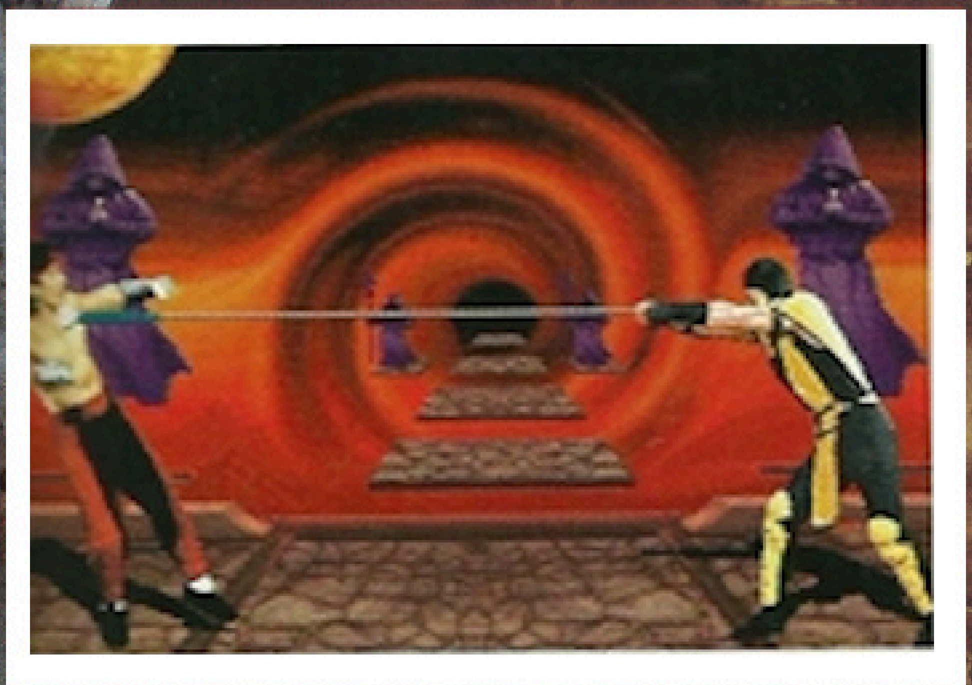

MORTAL KOMBAT II

Sub-Zero has a change of heart, rather than give his opponent frost bite he tries to sell them the latest in Sub-Zero dolls; watch out Barbie®!

PERSONAL HYGIENE IS NOT TOP OF SCORPION'S LIST, IF YOU PRESS TWO UP - HIGH PUNCH (HOLD BLOCK), HE REMOVES HIS MASK AND BREATHES AN EXPLODING BALL OF FIRE AT HIS VICTIM'S FEET...NICE TOUCH!

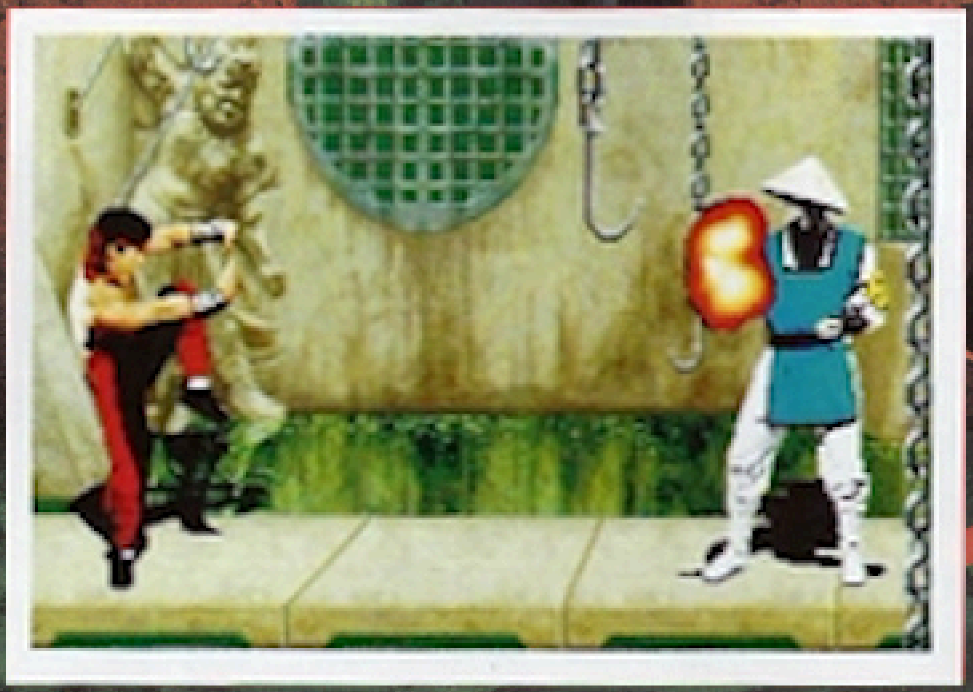

Sub-Zero is not who he seems, as Scorpion will find out!

The Order of Light Monk, Liu Kang, and Kahn's right hand man, Shang Tsung, are certainly not the best of friends! In fact Tsung knows that had it not been for Kang, he would have won the Order of Light Tournament and would not have had to suffer the humiliation of begging for his life. He did, however, feel better when he learned that Kahn's army had reduced the Order of Light Temple to a pile of rubble. Liu Kang is determined that this time he will finish the job properly and with his abilities, there's no reason why he can't. Equally Tsung is out to prove to his master that he is worthy and wiping out his old rival will go a long way to restoring his pride.

Liu Kang is a bit of a fire bug at heart. If the going gets tough he throws a fireball; it's guaranteed to make things go with a bang!

WE MEET AGAIN

Shang Tsung has some pretty nifty moves. If he doesn't like the way things are going he can change himself into any of the other contenders and use their fighting skills, so Liu Kang could find himself fighting...Liu Kang. Weird!

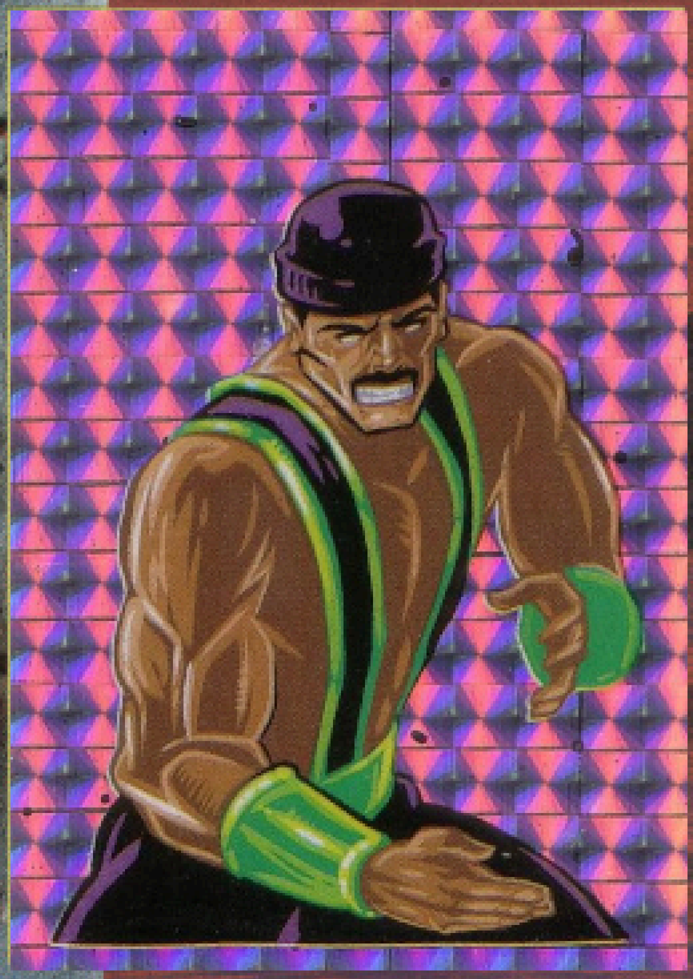

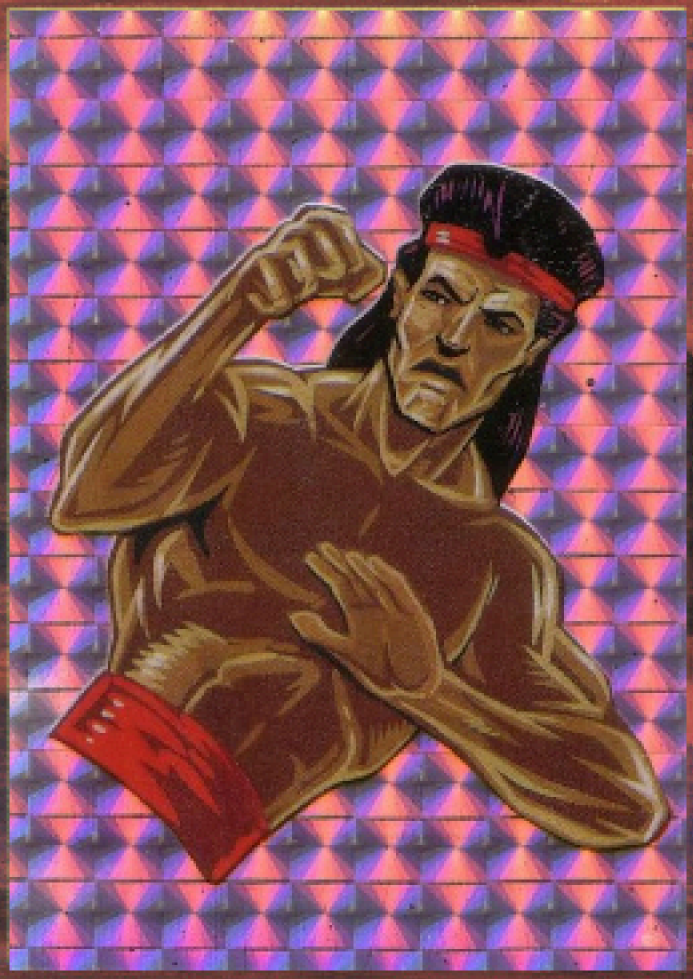

KANG IS A GREAT LOVER OF ANIMALS. TO FINISH AN OPPONENT OFF PRESS DOWN - FORWARD - TWO BACK AND HIGH KICK AND HE TRANSFORMS INTO A DRAGON AND HAS A GOOD CHOMP AT HIS VICTIM.

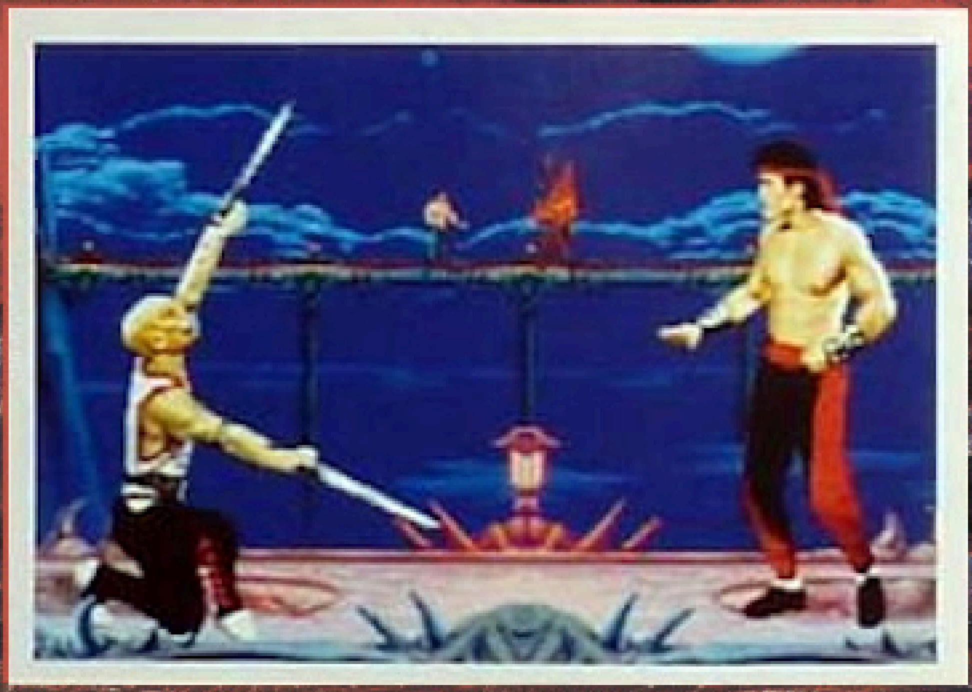

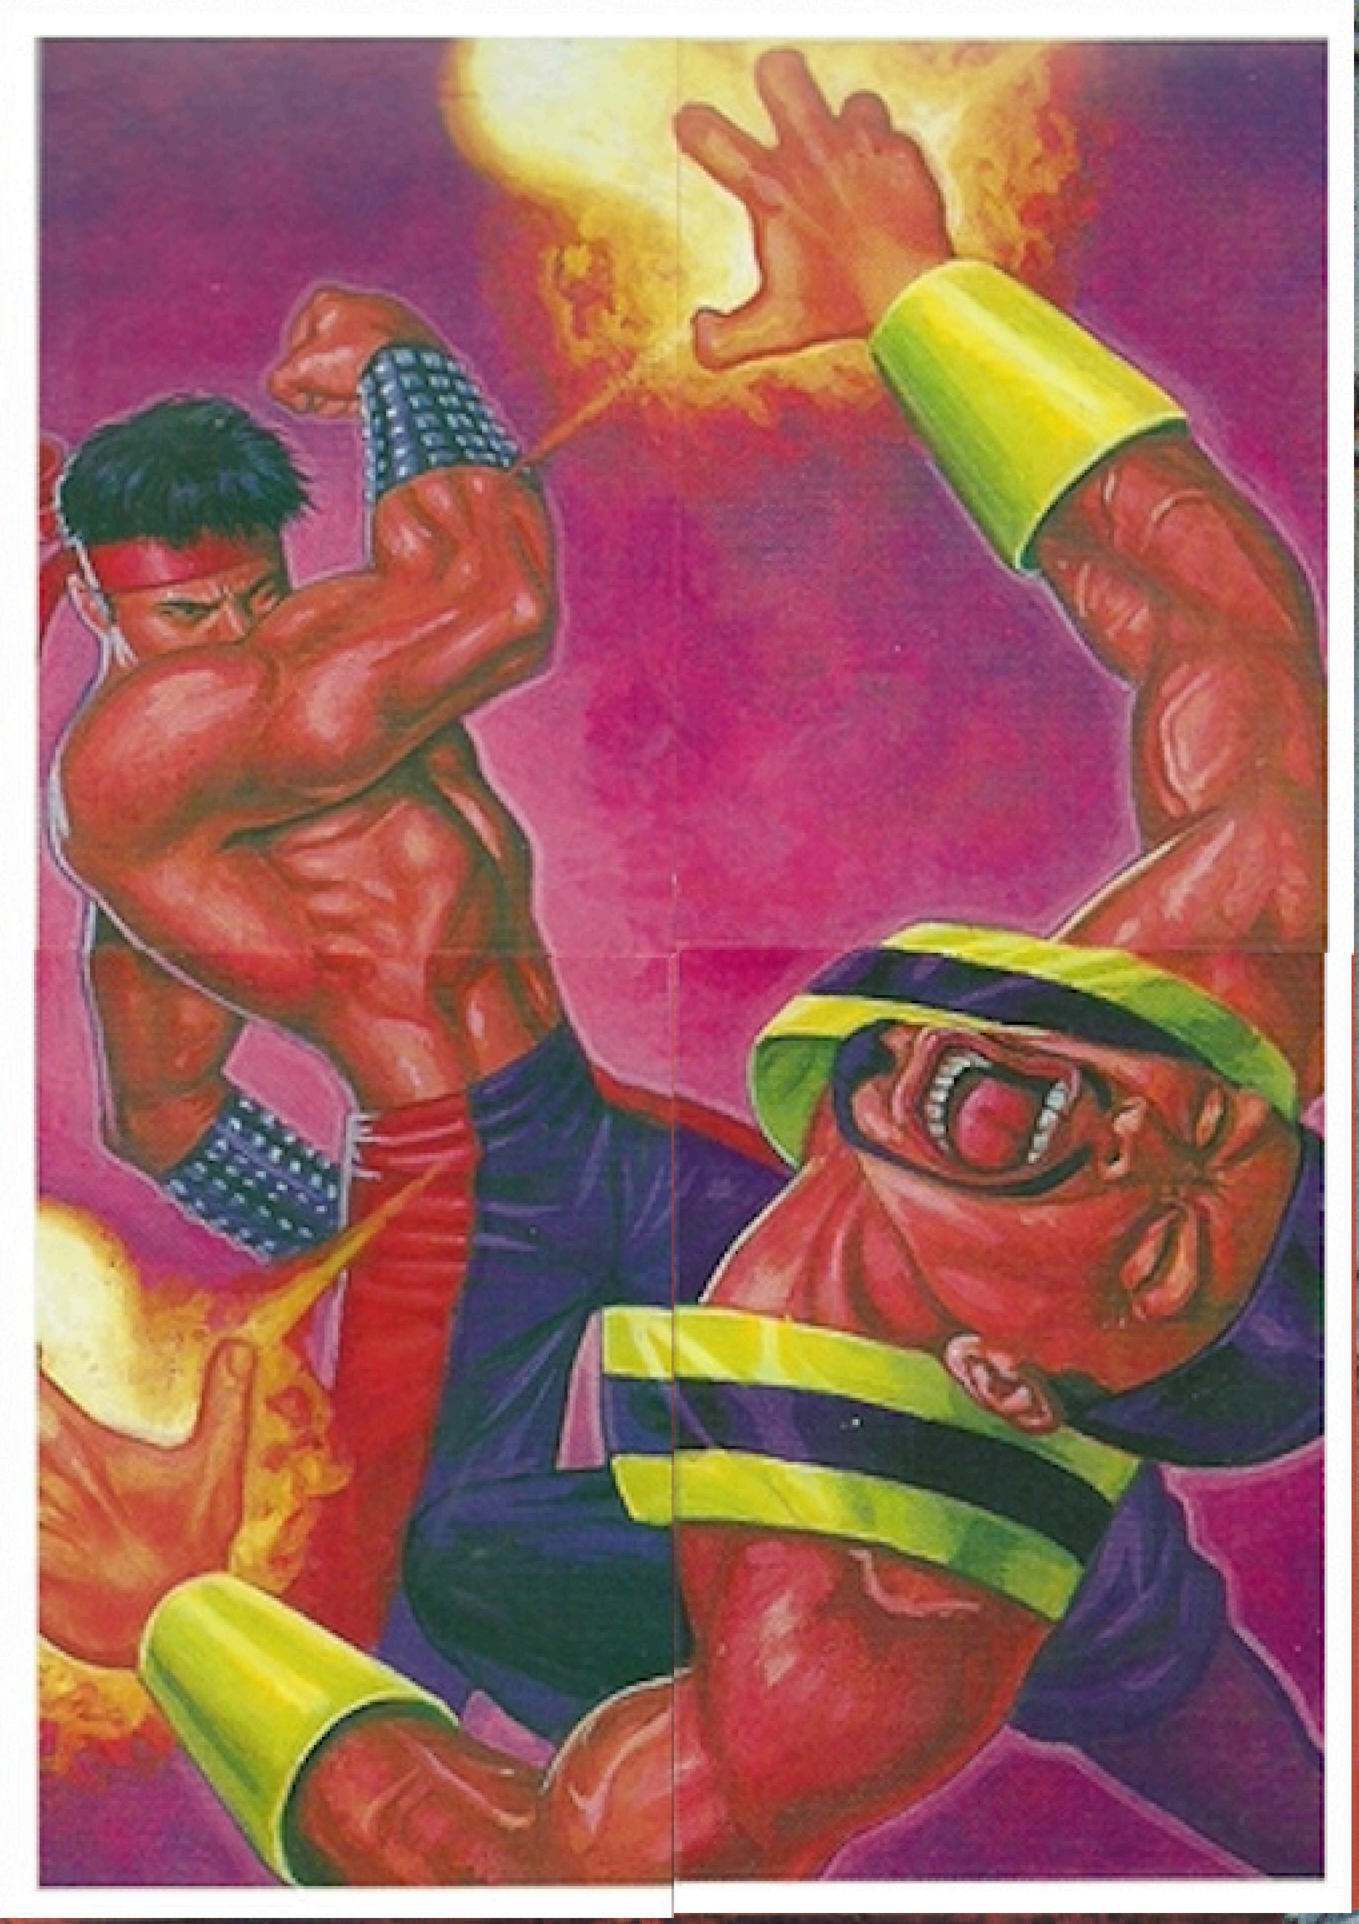

A DEFINITE OUT OF BODY EXPERIENCE; IF TSUNG IS ABOUT TO STRIKE THE FATAL BLOW, HOLD HIGH KICK FOR TWO SECONDS AND THEN RELEASE. HE WILL TURN INTO A MIST, ENTER HIS OPPONENT'S BODY AND EXPLODE!

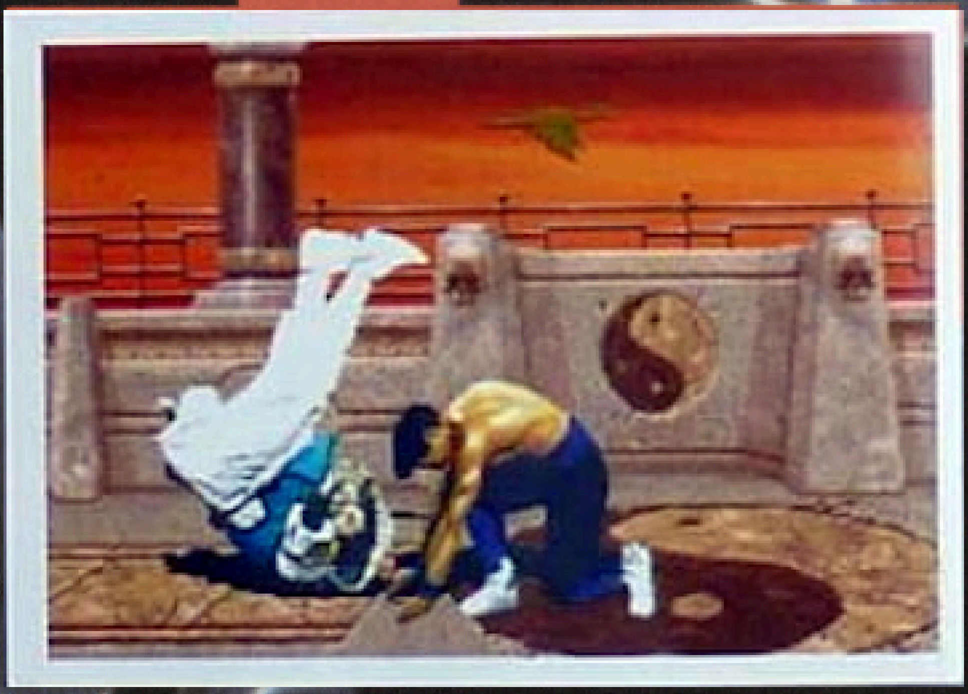

Each of the contestants have their own reasons for entering the tournament: some are power freaks, others want to change the world. But when the final blow has landed and only one contestant is left standing, what will the future hold?

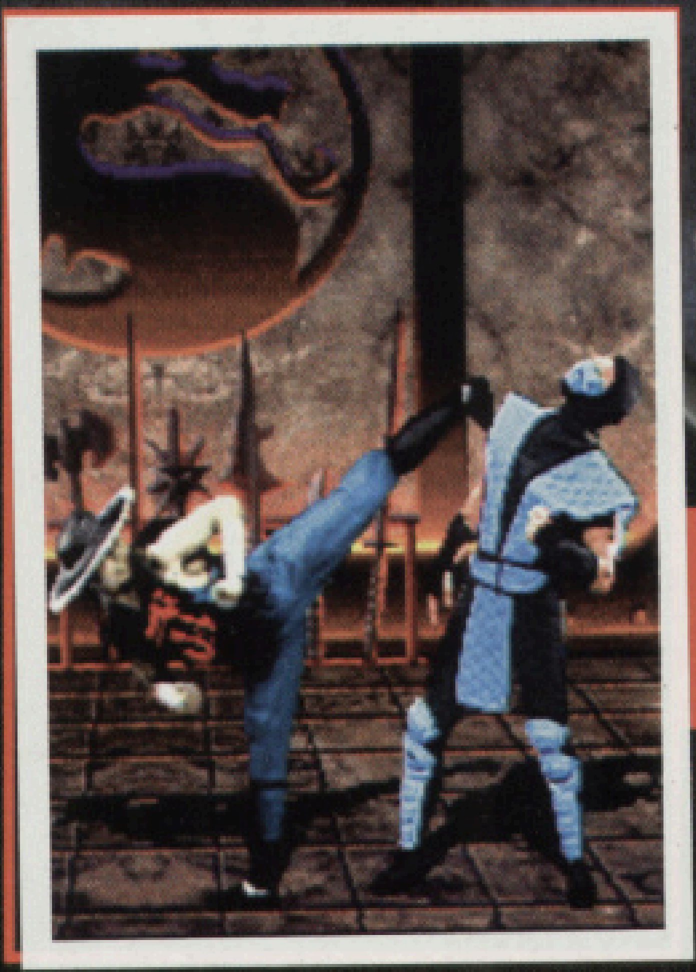

Baraka is known for his temper tantrums and a wild fit brings him into direct conflict with Kahn. Will his powers prove superior? And will his race of mutant nomads from the wastelands have a leader who becomes Lord of the Outworld?

Johnny Cage's reasons for entering the tournament are purely selfish. If he wins, he can return to Earth a hero and will also have the material for a new blockbuster movie: Mortal Kombat II. Once he is rich, famous and highly respected, Cage knows that Mortal Kombat III will be inevitable!

Kung Lao, the former Order of Light monk, joins his brother Liu Kang in the fight against the dark realms of the Outworld. He too wants to avenge the deaths of his brothers and his great ancestor but he knows that even if he achieves his wish many challenges still await him...

THE FUTURE'S

Reptile has a hidden motive for success. Kahn believes that Reptile is loyal to his master, Shang Tsung, but Reptile has found out about Kahn's plans to capture his race and force them into slavery. Will he succeed in defeating his master and saving his reptilian brothers?

Shang Tsung is not high in the popularity stakes and definitely not to be trusted. Will he stay true to his Outworld master, Shao Kahn? And, if not, what would his plans for the Earth Realm be?

Sub-Zero's failure to return from the Order of Light tournament meant that the Lin Kuei clan had to send another Ninja assassin to complete the job of killing Shang Tsung. This was Sub-Zero's younger brother. Now Sub-Zero has to battle not only for himself but against the vendetta Scorpion appears to have with his brother. But Scorpion spares his life...will time tell why he escaped from certain death?

N THEIR HANDS

THE FINAL C

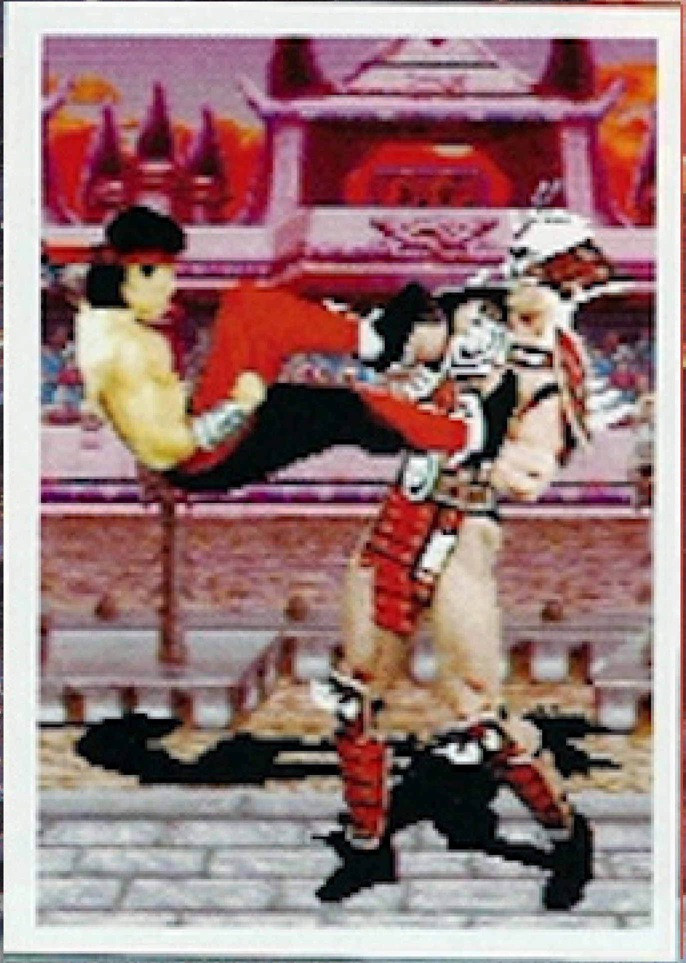

Shao Kahn is not a person you'd want to meet in a dark alley! Vicious and evil are fairly good words to describe him and, like most power hungry people, he will stop at nothing to get what he wants. He was pretty angry when Shang Tsung failed to win the Order of Light Tournament and only spared his life because he realised that holding an Outworld tournament could be very beneficial. He could watch his enemies killing each other and the only thing he would have to do is slaughter the winner... nothing could be more simple.

WHEN FIGHTING KAHN, ALWAYS TRY TO STAY IN CONTROL OF THE MATCH. CONCENTRATE ON USING MOVES THAT WORK WELL AND BE READY TO BLOCK HIS ATTACKS AT A MOMENT'S NOTICE — VICTORY SHOULD SOON FOLLOW!

Shao Kahn's variety of deadly special moves is enough to bring most fighters to their knees!

CONTEST

Fight fire with fire! Shang uses all his hottest moves to beat his master and claim his title.

Scorpion shows Shao Kahn the sting in his tail!

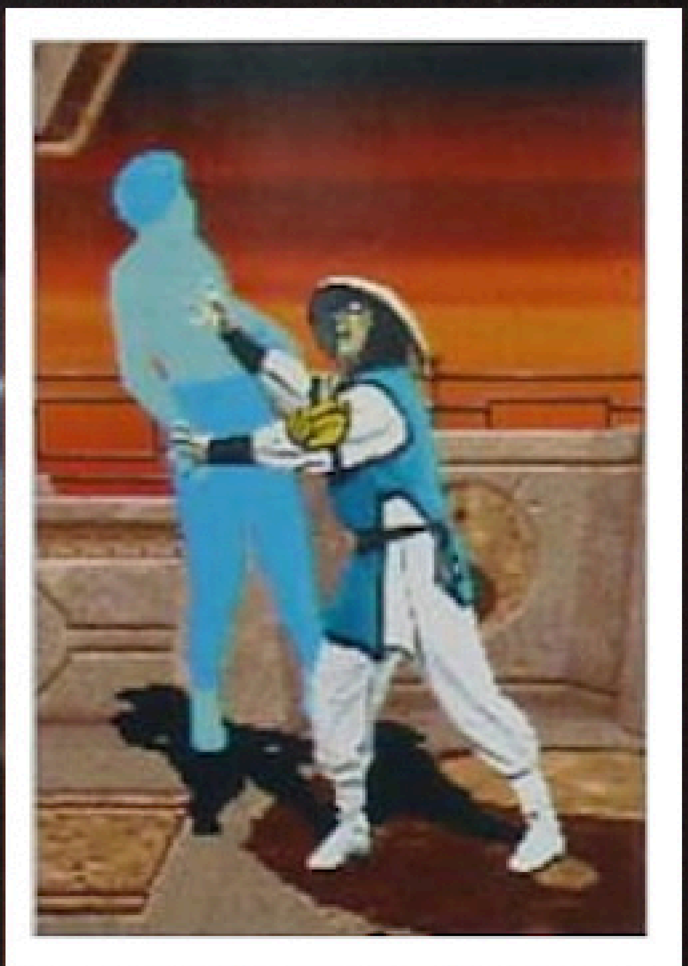

Jax has a mission to accomplish in freeing Lt. Sonya Blade from the clutches of their mortal enemy, Kano. His amazing strength and ruthlessness bring him success, but will he and Sonya get their revenge?

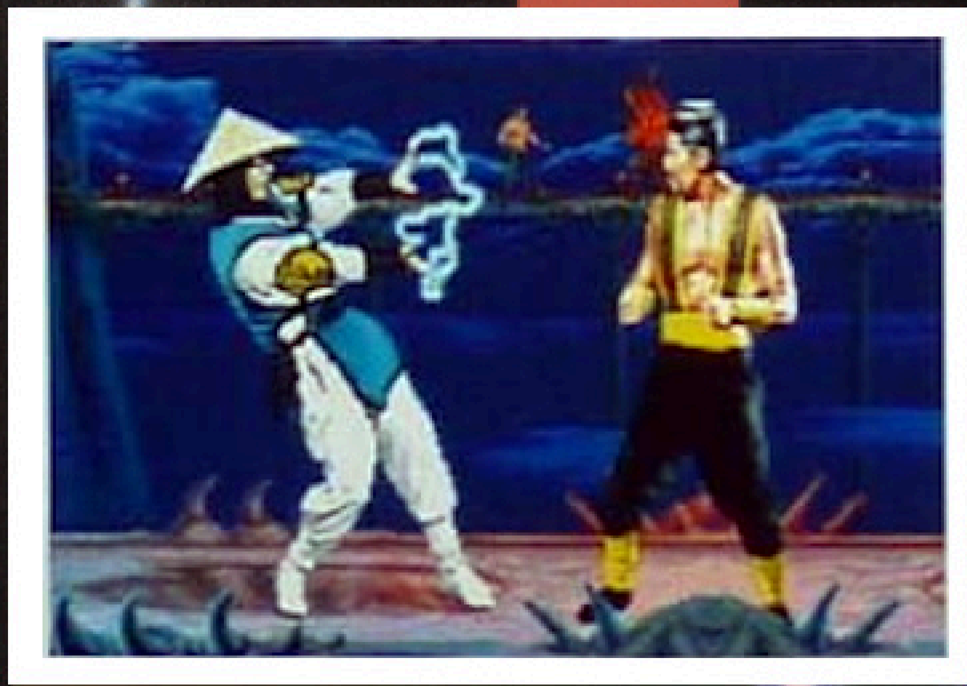

Kitana is not so bad for an Outworld assassin. Over the years she has discovered some nasty facts about her background: Mileena is not her twin sister but a clone created by Shao Kahn, and her parents were rulers of the Outworld...that is until Shao Kahn brutally murdered them! So if she defeats her opponents she has a hidden agenda to put right.

Rayden's role is to stop Kahn's scheme to unbalance the furies and invade the Earth Realm. He has to adopt human form and defeat his opponents one by one. Will he succeed and how will he be able to keep the planet safe? Surely destroying the dimensional gates is the only way to guarantee that safety...but is it possible?

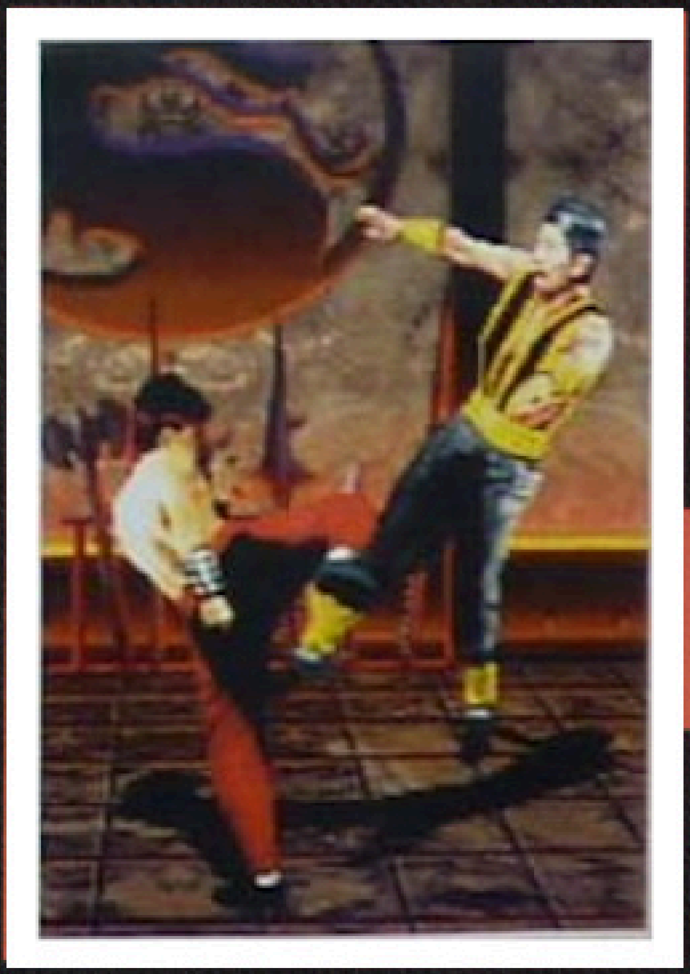

TM

Scorpion's sole reason for entering the contest was to gain revenge on Sub-Zero, but his bitterness vanishes when he sees Sub-Zero spare an opponent's life and realises that he is not the same assassin. Scorpion adopts a new role as the young ninja's protector but will his secret be safe?

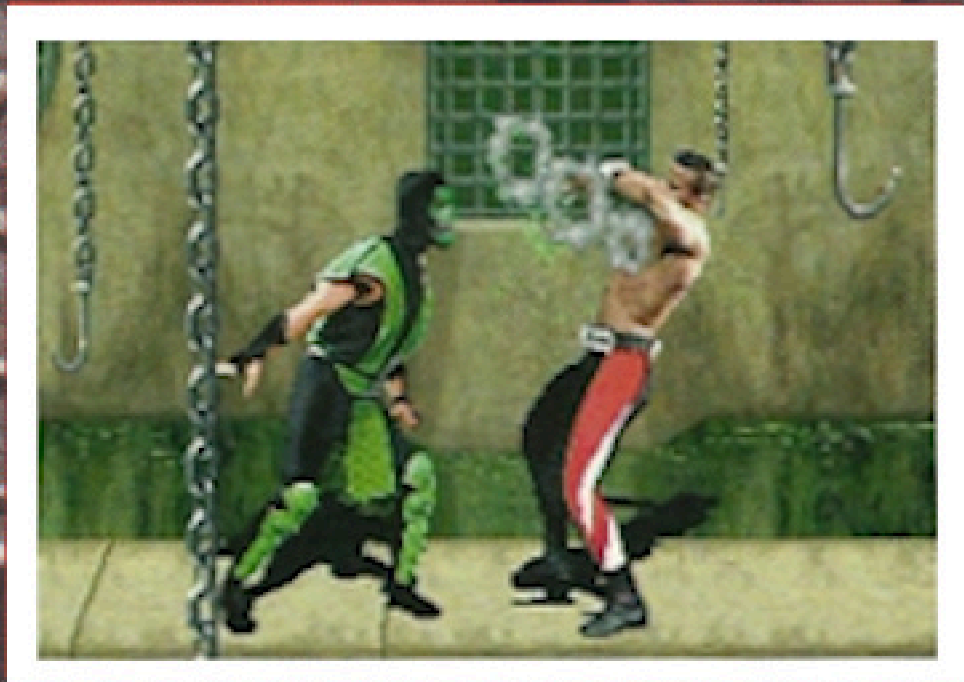

Mileena is as ruthless and cunning as they come. A grotesque clone of Kitana, she is another protege that Kahn cannot trust. With her secret companion, Baraka, she has some very nasty plans up her sleeve!

Liu Kang is a gentle kind of guy but he seeks revenge for the unnecessary slaughter of his Order of Light brothers. His dislike for Shao Kahn and his Outworld cronies fuels his mission. Once he has slain all those responsible he wants to return to his temple and pay homage to his lost brothers. Is his task the fulfilment of his destiny and will it bring him the peace he seeks?

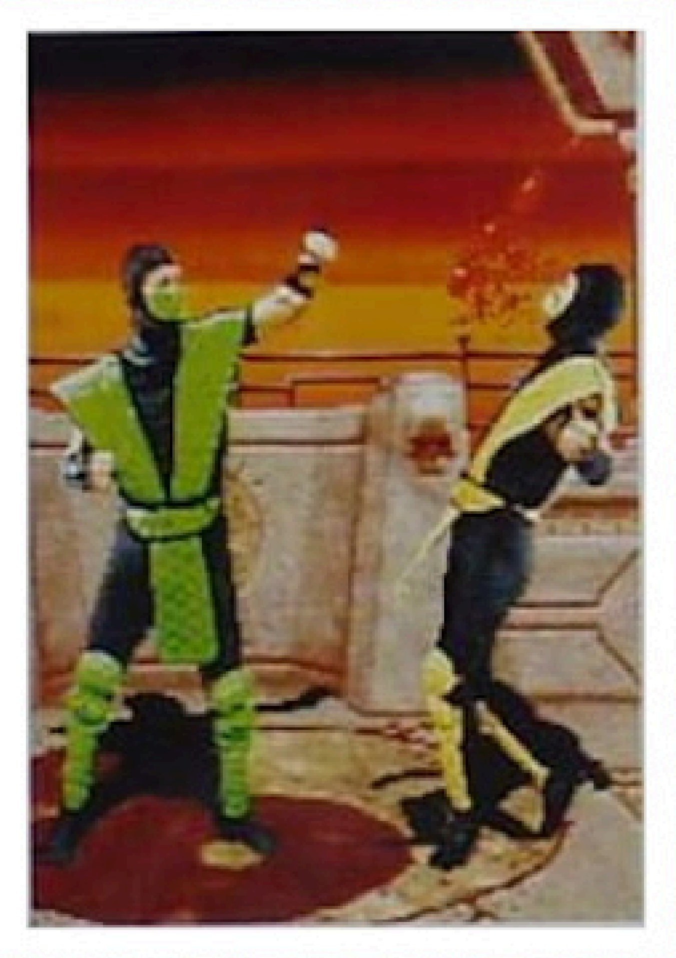

Each contestant has the ability to re-write the future. The final outcome is up to you!

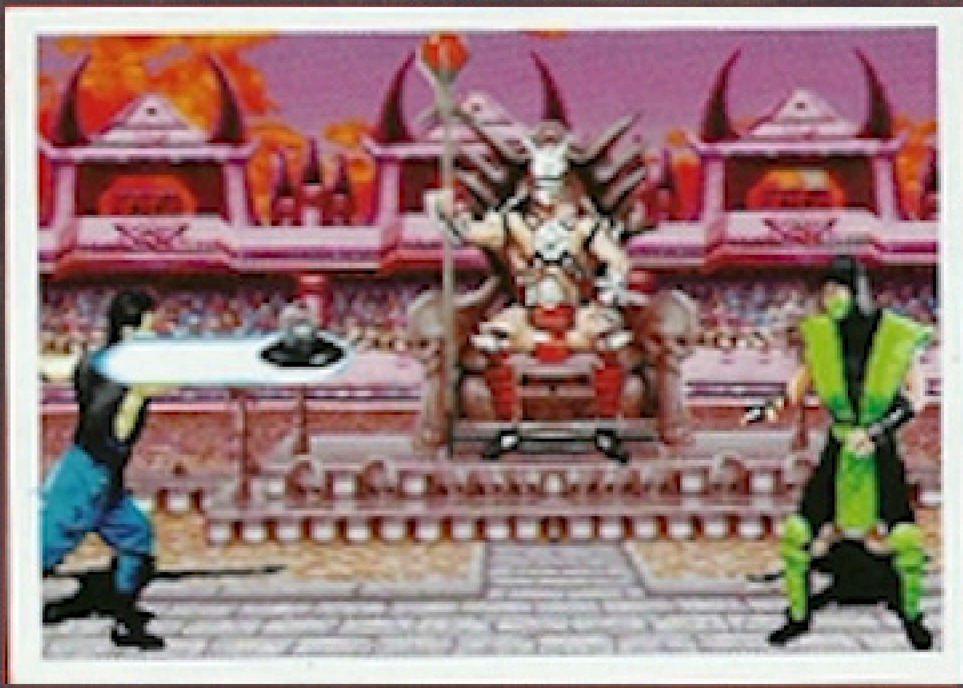

Reptile has a nasty habit of spitting green, slimey acid at his opponents, not very pleasant at the best of times.

Reptile is a scaly ninja type creature who has remained pretty much in the background until recently. After listening at a few keyholes, he discovered that his Outworld masters were planning to imprison his ancient tribe. It seems the only way to protect his people is to win the tournament and wipe-out Tsung and Kahn...quite a noble gesture! It may be easier said than done, especially as Kung Lao, the cowboy lookalike, is one of the challengers.

THE GOOD, THE BA

Want to see some magic? If Kung Lao is in a good mood, rather than slice his victim's head off he pulls a white rabbit out of his hat!

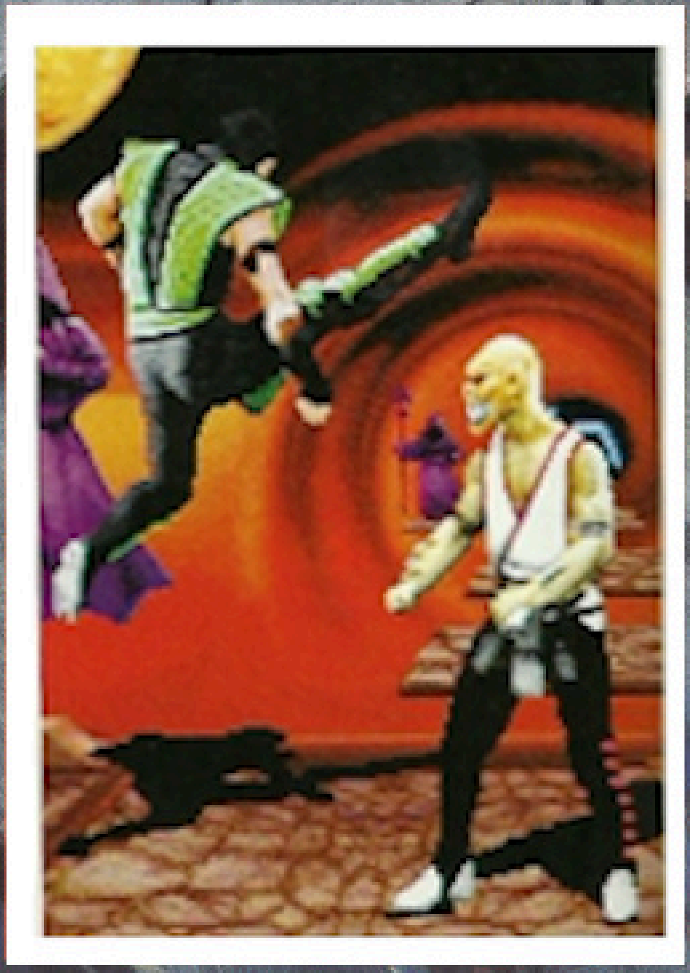

AD AND THE SLIMY

As a former Order of Light Monk, Lao still has close ties with the Order of Light temple and Liu Kang which is one reason why he journeyed to the Outworld. The other reason is to avenge the death of champion fighter, Great Kung Lao who was murdered by one of Shang Tsung's henchmen, Goro. He may look like something out of the wild west but Lao's wide brimmed hat hides many nasty secrets!

WHEN KUNG LAO'S IN A TIGHT SPOT HE GETS IN A BIT OF A SPIN. PRESS TWO UP-LOW KICK (HOLD BLOCK) AND WATCH HIM WHIRL.

Now you see me, now you don't. Press two up - down - high punch (hold block) and Reptile does a disappearing act so his victims can't see him coming!

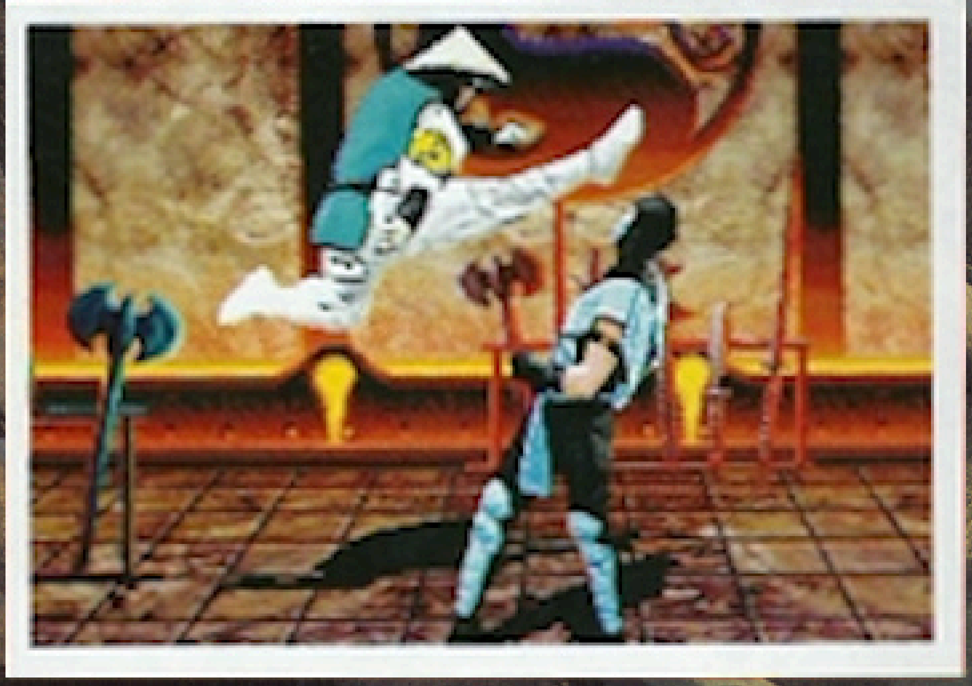

STRAIGHT OUT OF A JAMES BOND MOVIE, KUNG LAO TAKES OFF HIS HAT AND USES IT LIKE A FRISBEE, LEAVING HIS VICTIM RUNNING ROUND LIKE A HEADLESS CHICKEN!

THUNDER

WHEN RAYDEN GETS REALLY ANGRY HE OBLITERATES HIS OPPONENT'S UPPER BODY. HOLD HIGH PUNCH FOR EIGHT SECONDS AND THEN RELEASE.

After failing to stop Tsung at the Order of Light tournament, Rayden disappeared into the Outworld to destroy the dimensional gate which acts as the only passageway back to the Earth Realm. Under normal circumstances that wouldn't prove too tough for a god, but unfortunately, as one of the good guys, he has assumed human form and will fight as an Earth warrior.

Armed with two Sai swords Mileena isn't planning on making dinner. Given the opportunity she quickly throws them at her opponent before they have a chance to retaliate.

R AND LIGHTNING

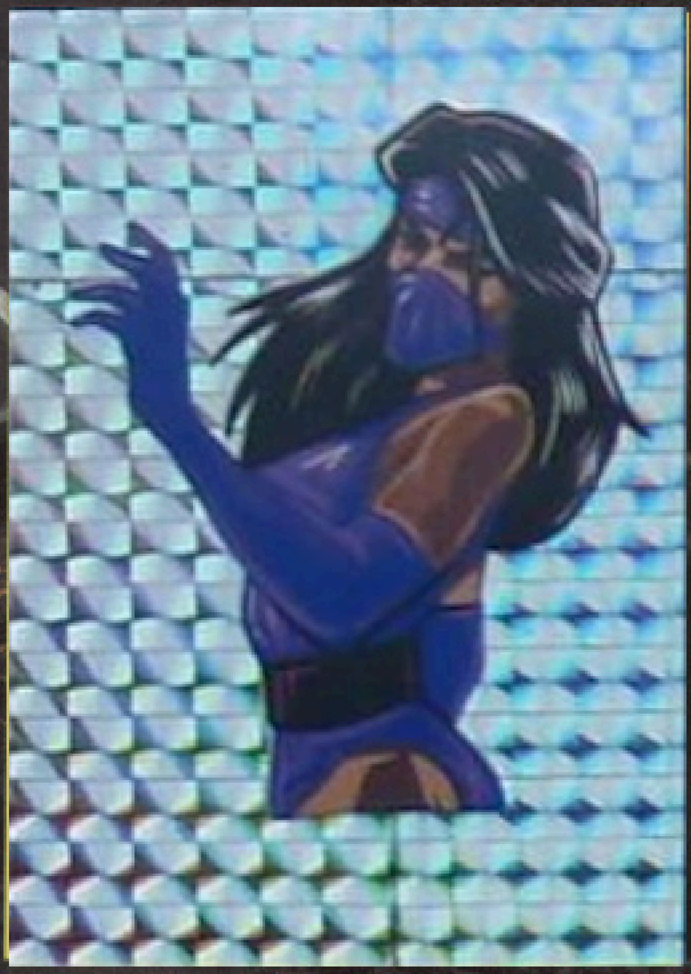

Rayden lets fly with his electric attack. This powerful projectile does damage even if blocked!

The uppercut is one of MKII's most powerful moves, as Kung Lao is about to find out!

Too bad that Mileena doesn't have the same scruples. Gorgeous she may be but as one of Kahn's assassins she is about as ruthless as they come. Mileena entered the contest at the request of Kahn to keep an eye on her wayward twin sister Kitana. Never assume as a female she's a soft touch; she's a real man-eater!

WANT TO PUT YOUR ELECTRICITY BILL THROUGH THE ROOF? HOLD DOWN HIGH PUNCH FOR FOUR SECONDS, RELEASE AND WATCH RAYDEN AS THE SPARKS BEGIN TO FLY.

PRESS TWO FORWARD-LOW KICK AND WATCH AS MILEENA DISAPPEARS INTO THE GROUND AND REAPPEARS FROM THE SKY, READY TO KICK HER UNSUSPECTING VICTIM IN THE HEAD.

SAY IT WITH FLOWERS; IF MILEENA LIKES YOU, INSTEAD OF A FATAL BLOW SHE GROWS A LITTLE FLOWER UNDER HER OUTSTRETCHED HAND.

THE SOLDIER AND T

Kitana's beguiling beauty hides the heart of Kahn's personal assassin and should any man fall for her charms he'd better beware. Recently, however, her motives have been somewhat shady and Kahn is worried that her loyalties have changed. Only Kitana knows the true reason why she entered the tournament but she is well aware that her so called twin sister Mileena is always looking over her shoulder.

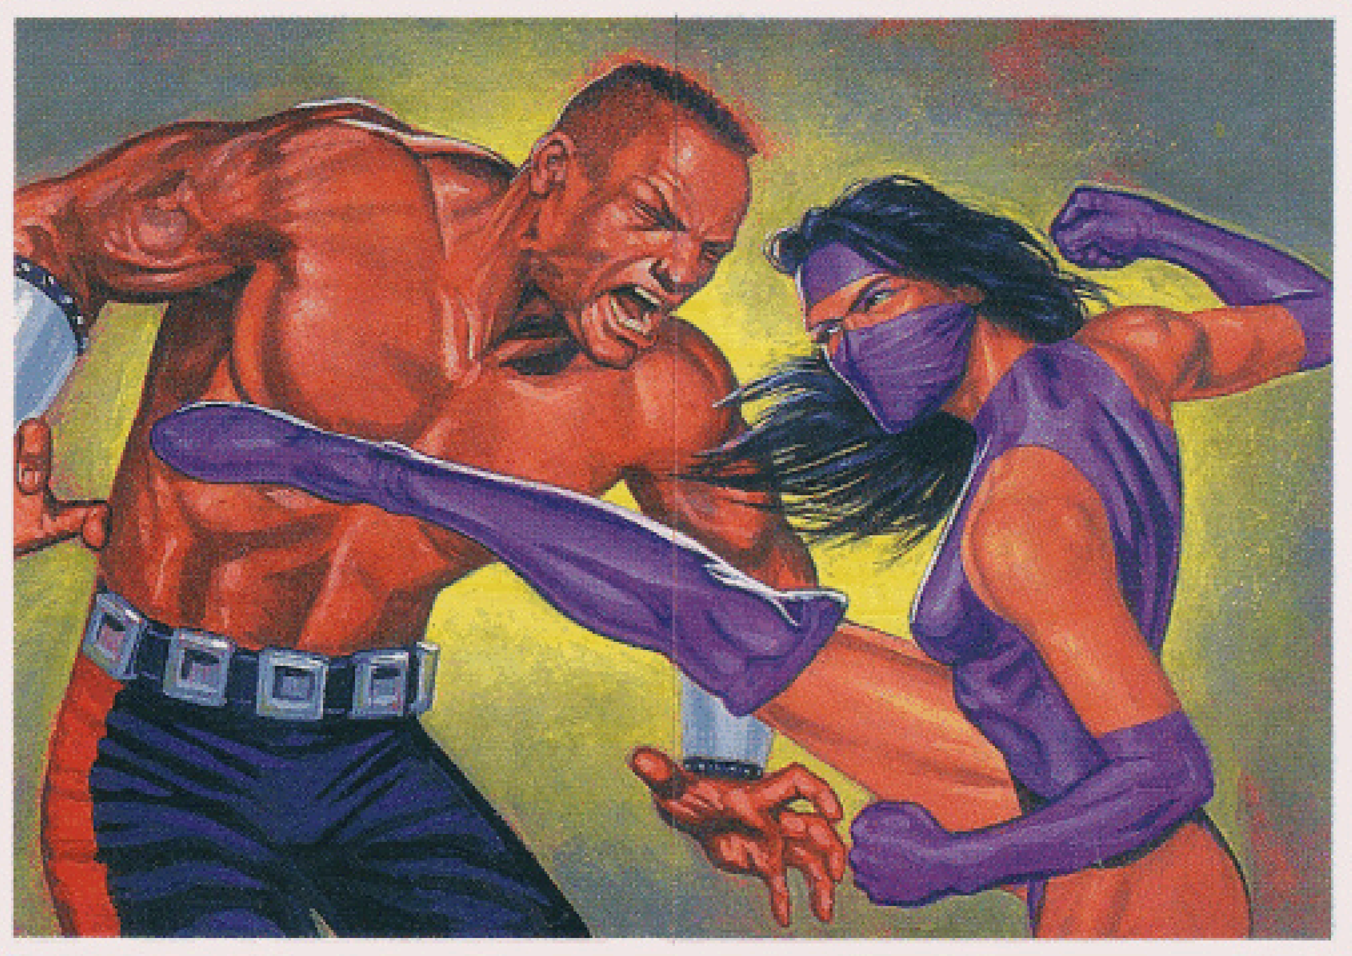

Long nights in cold barracks have given Jax a new skill. Press two down - two up - low kick and the strapping soldier will make you a nice string of paper dolls!

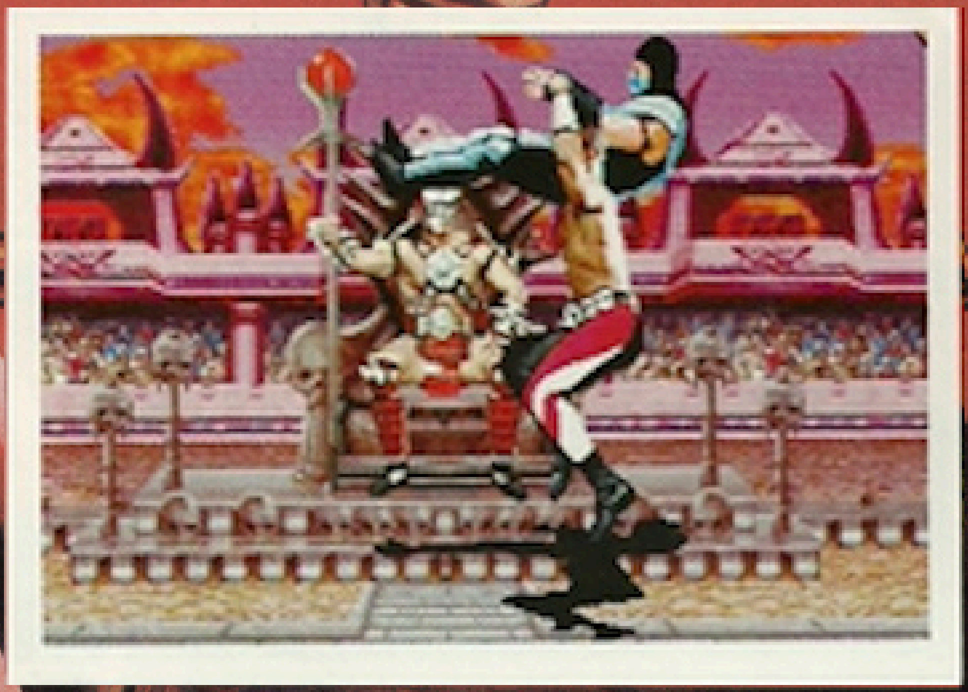

THE ASSASSIN

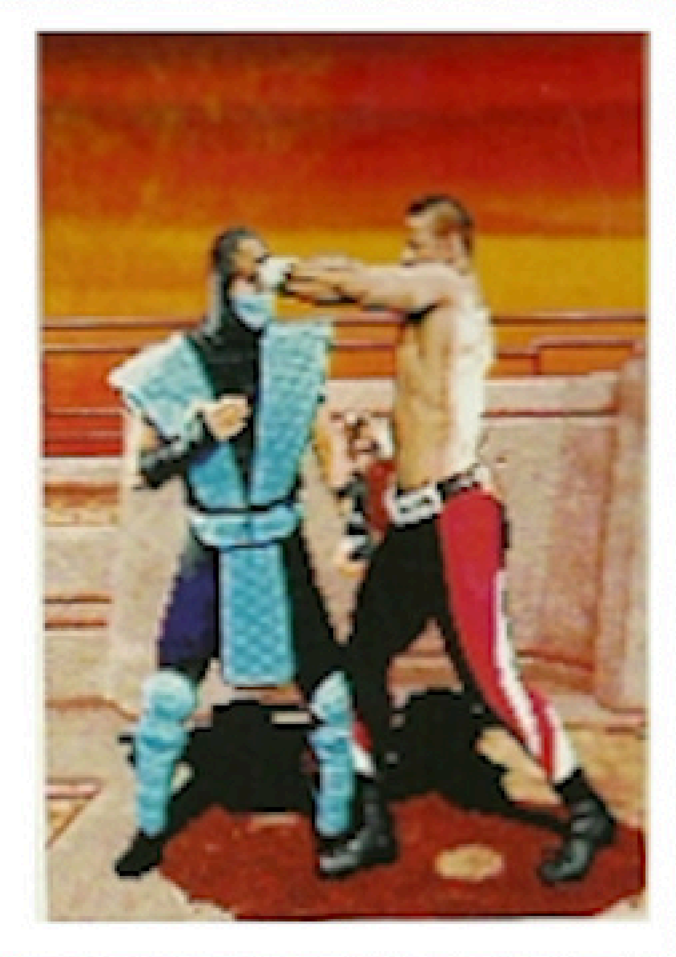

Heard the phrase "flat on your back"? Jax will grab a victim in mid-air and smash them down on the floor. It's not thought to be too good for the spine!

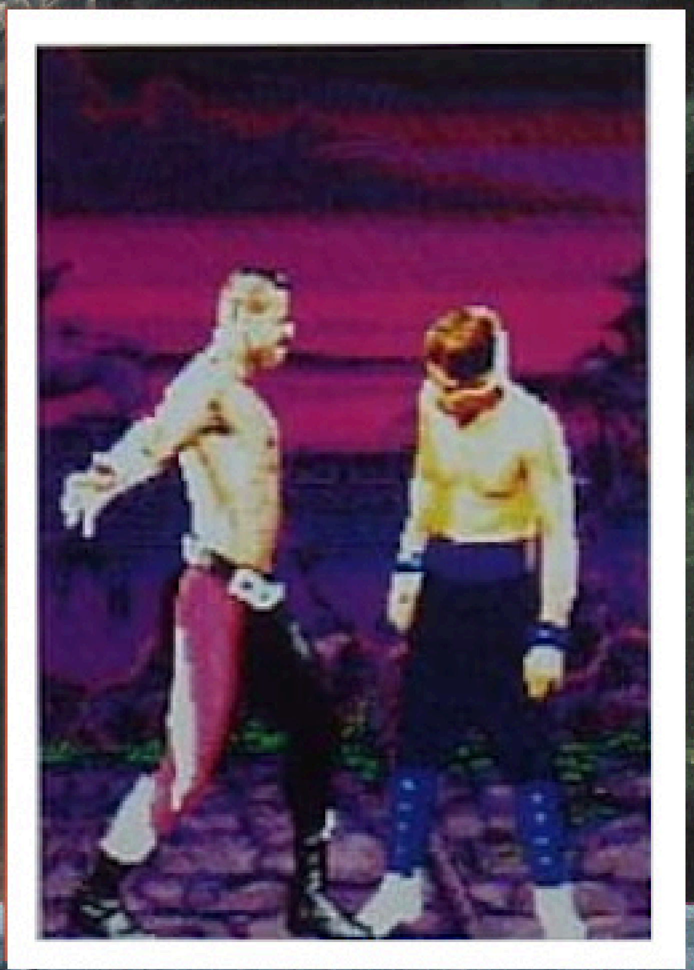

HOLD LOW PUNCH (THREE FORWARD), THEN RELEASE AND WATCH JAX BEAR HUG HIS VICTIM'S HEAD UNTIL IT TURNS TO POWDER.

Hot passion: Kitana puts her sweet lips to her victims...and watches them blow up!

Kitana never likes to miss a birthday. Press three down - up - low kick and she'll whip up a fancy cake with candles on it.

KITANA DOESN'T SHYLY HIDE BEHIND HER FAN, SHE USES IT TO CUT HER OPPONENTS DOWN TO SIZE!

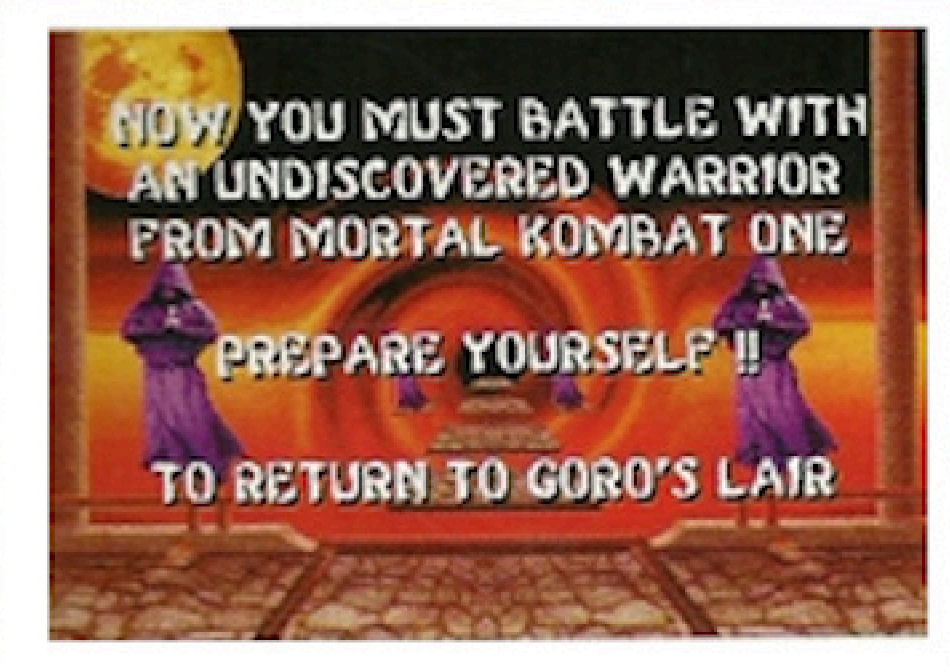

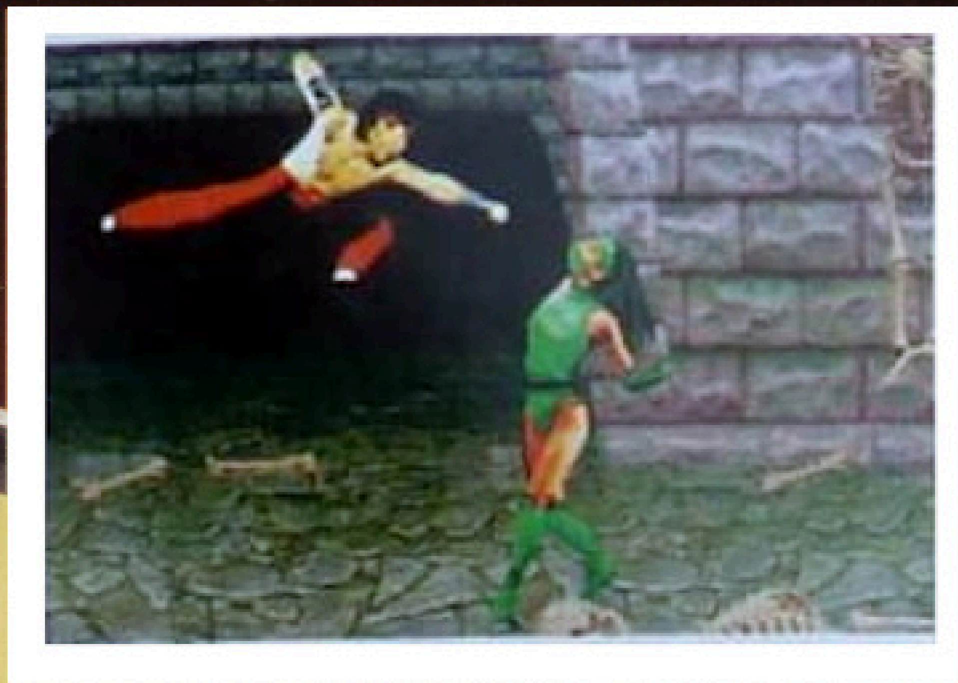

One man not scared to face Kitana is Major Jackson Briggs (Jax), head of a top US special forces unit. His orders are to go to the Outworld and rescue Lt. Sonya Blade who was captured after losing in the Order of Light Tournament. To discover where Blade is being held prisoner, Jax has to win the tournament and defeat Kahn. What's new?

Just when you thought you were getting somewhere you suddenly find the passageway from the Outworld to the Earth Realm. Great, except your task is to battle against one of three secret warriors, Jade, Smoke or Noob Saibot.

Jade is like Kitana, except she is green, moves twice as fast and is immune to all missile weapons!

THE SECRET SOCIETY

Smoke is a grey ninja who has the same abilities as Scorpion except a cloud of smoke constantly wafts around him, which can be off putting.

Last but not least is the black ninja, Noob Saibot who again has the powers of Scorpion but is a slightly easier target! Of course if you get bored with all this fighting, you can always have a game of table tennis!
